

GIVE YOUR PATIENTS THE **BACK SUPPORT THEY NEED**

**WALKIN' VertabraVe**

The **Walkin' VertabraVe** is an innovative Back System for pets that combines Support and Comfort in a brace specifically designed for pets suffering from IVDD, arthritis and back injuries.

The dual layered support system is strategically created with a layer of medical grade memory foam that conforms to the pet's body and a second layer of 3 additional aluminum support rods placed directly over the spine for a custom model fit. This mechanism will allow comfort all day.

**Sizes: XS, S, M, L, XL**

**Retail Price: 159<sup>95</sup> - 199<sup>95</sup>**

Removable support rods

**Advantages of the vertabraVe in a clinic setting:**

- Adjustable and easy to use
- May be used for post-surgical recovery and rehab
- Firm support, back stability and stress relief
- Adjustable/Removable aluminum support rods to lessen support as spine heals
- Durable and Light weight
- Breathable material
- D-Ring for Leash

To measure your dog's **Topline Measurement**, measure from the top of the pelvis to the center of the shoulders.

If you need assistance deciding which size is right for your pet, please call us at 1-855-919-2080
