

**ANIMAL CLINIC OF BILLINGS &
ANIMAL SURGERY CLINIC OF BILLINGS**

Testimonial,
Kay Lynn Allen
Canine Physical Rehabilitation Therapist
Animal Clinic of Billings

"The Walkin' Pet Splints have been very helpful and instrumental to our orthopedic and rehabilitation divisions. It is so nice to have a splint at the tip of my fingers whenever needed. I find them easy to use and owners are very comfortable with them too. For most pets they work as well as a custom splint for a fraction of the cost!"

About us:

Animal Clinic of Billings/Animal Surgery Clinic is a six-doctor, high quality, small animal practice in Billings, Montana that offers a comprehensive range of services. From our skilled veterinarians, to our animal-loving support staff, the Animal Clinic of Billings' employees are well trained professionals who treat each animal with the same care and compassion they offer their own pets. The clinic has been caring for companion animals since its founding in 1981 by Ken Brown, DVM. Patients consist primarily of dogs and cats and we welcome rabbits, ferrets, and pocket pets.
